

Excellence in glass film coatings for your Home or Office.

BRISBANE'S RESIDENTIAL & COMMERCIAL GLASS COATING PROFESSIONALS

Since 1981, Cooltone has led the local industry in advances to glass coating solutions, not only in our core business of residential treatments, but with major corporate installations too. This wide range of experience makes us uniquely able to offer you levels of expertise and innovative solutions not available from ordinary window tinting companies.

Keep the sun's worst effects outside.

Like it or not, our Summers are getting hotter. And proposed climate change measures can only mean power charges heating up even further than they already are. But with Cooltone Solar Window Film treatments, you can keep your home cooler and reduce energy consumption.

SOLAR WINDOW FILMS

Bringing comfort to homes & buildings.

Fast, easy & economical solutions to reduce heat and glare, and to protect your furniture and fabrics from fading. Enhances appearance and gives the modern look of Tinted Glass as well as improving Energy Efficiency.

SAFETY & SECURITY FILMS

Bringing safety to glass.

Film coating solutions to prevent glass shattering through accidental impact, hail & storms, or even break-ins. Protect your family and your possessions.

DECORATIVE GLASS FILMS

Bringing stylish design options to architecture

Precision-cut, Opaque look films that offer a myriad of options to transform kitchens, bathrooms, side-lites, balconies and other glass surfaces adding privacy to your Home or Office.

SIGNAGE

Bringing communication to life.

Cooltone has a growing reputation in the film-applied signage industry for delivering creative and effective solutions for internal and external communications requirements.
