**TO WHOM IT MAY CONCERN**

HASSELL is please to provide this reference for COOLTONE SUN CONTROL, a company with which we have had dealings with, in excess of 7 years. COOLTONE has worked both directly, and indirectly, for our firm in the capacity of a sub-contractor on many of our Corporate Fitout Projects, involving the installation of glazing film treatments. In that time, Mr. Jeff Cramp and his team at COOLTONE have successfully completed numerous challenging and difficult tasks, including a large-scale signage installation for our own office.

We have found COOLTONE's staff to be courteous and prompt in the delivery of their services, and their attention to detail and pride in their work, exemplary. COOLTONE's high standing in the Building Industry, and particularly in the Interior Fitout sector, bears testament to the quality of their work.

HASSELL has no hesitation whatsoever in recommending COOLTONE for any project within the scope of their expertise; and, would be please to attest to this fact to any prospective clients.

Yours faithfully

Tony Alberti  
Senior Associate
