Dear Jeff,

The Youngcare Apartments opened on the 8th December 2007!! What an incredible community effort and one we could not have done without your help.

Your contribution of the film to windows played a very significant role in helping us deliver Australia's first ever Youngcare Apartments designed for young people with disabilities.

I know you are aware that until recently, the only accommodation for young people with full time care needs was an aged care facility. Well, thanks to you and our wonderful community we can now boast of a beautifully designed and constructed building for 16 young residents who will call it their home.

Ten of the 16 residents moved in on the 17 December 2007 and celebrated Christmas with their families. The Youngcare residents are all enjoying a stimulating and exciting environment befitting of their age and their friends and families are enjoying visiting a warm and welcoming home.

We have enclosed a few pictures of the Open Day and of the completed apartments for your photo album and we hope you are as proud of your achievements as we are.

We are currently looking for land to build the next Youngcare Apartments on the Gold Coast in conjunction with the Adam Scott Foundation. We have plans to expand nationally within the next 5 years and already have opportunities in Melbourne and Sydney.

Once again, thank you very much, we are so lucky to have had you involved in our project.

We will stay in touch with you during the year to inform you of our progress and in the meantime if you would like an update please do not hesitate to visit our website at www.youngcare.com.au.

Yours faithfully,

Nick Bonifant
Director
